

## FOOD UNITED BISCUITS (2009, 2012 and 2013)

---

AlphaPlan have not only completed three contracts for United Biscuits but we have also delivered on time, **clean** and **without interruption** to its very demanding warehouse.

United Biscuits called upon AlphaPlan for the upgrade of its wide aisle warehouse floors to a VNA application. Not only dealing with food but the contract being only meters away from ongoing **24/7 food distribution**, made AlphaPlan's FloorShaver the ideal solution.

AlphaPlan helping to deliver ... Food. Glorious Food.
